

AMBERLEA/MAPLE RIDGE(AMR) TENNIS CLUB
2016 DURHAM “C” LEAGUE
(From May to September)

PROGRAM

- The Durham “C” League is a *highly competitive league* comprising of several tennis clubs in the Durham region. The matches are played every Wednesday night starting at 7pm.
- The skills set required to play in this league are geared towards *more experienced players* in doubles matches. Players are, therefore, expected to demonstrate their skills equal to or higher than the intermediate players. In order to avoid frustration due to lack of playing time, AMR will implement a screening process to evaluate the skills of club members who registered for the program and to determine if the members qualify as regular players in the program.
- Returning members of the club who played 4 matches or more from last year will automatically be considered as regular players in the program (**evaluation is waived**).
- **Regular members are required to pay the league fee upon registration.**
- Returning members of the club who played less than 4 matches from last year will be categorized as sub-players in the program and are subject to the screening process. **League fee is waived upon registration.**
- New members of the club who registered to be part of the program will be categorized as sub-players and are subject to the screening process. **League fee is waived upon registration.**
- Sub-players will be notified when the screening process will be held.
- Sub-players, who are evaluated to have the skills of regular players, will be promoted as regular players & must pay the league fee to the team captain.
- Sub-players, who are tapped to play in any of the doubles matches, must hand \$5 to the team captain during their scheduled matches.
- Sub-players, who played the maximum of 4 matches, will no longer be required to pay the \$5 fee in their subsequent matches and will be promoted as regular players in the program.
- Team practices will be held every Monday at Amberlea Tennis Club from 7 to 9 pm.
- Any issues or concerns in this program, please contact the team captain, Rey Moreno, by email at romoreno@rogers.com.
